# Foreword

## The Gums

---

Welcome to The Gums Dorset Down Dispersal Sale Catalogue. While this marks the closing of a 40 year chapter for the family, it is also the beginning of exciting opportunities for others to benefit from the genetics we have worked so hard on.

The Dorset Down sheep at The Gums have been a source of pride and joy for us. They represent years of dedication, careful selection, and a passion for producing animals that are commercially focussed, robust, and adaptable. We are excited to see these sheep continue to thrive and contribute to breeding programs in new homes.

We are grateful for the support and friendships we've made within the Dorset Down community. It has been a privilege to share this journey with so many passionate and hardworking individuals.

We encourage you to explore this catalogue. We are proud of the lineup of ewes we present for sale, and we hope you can identify some to add to or start your breeding programme.

Don't hesitate to get in contact if you have any questions - Mark 022 087 5818.

Thank you for your interest in the sale and we wish you every success.

With warm regards,

**The Team at The Gums**

---

### **Sale Operation**

The Dorset Down ewes will be auctioned as single lots.

South Dorset Down Ewes are to be sold as lot packages. These range in size from 9 - 15 ewes. Ewes were classed in their age groups, then lotted from there.

This presents an opportunity for either stud or commercial operations to purchase even lines of South Dorset Down ewes on which to establish or grow their breeding programme.

# Conditions Of Sale

1. This sale will be conducted under the New Zealand Stock & Station Agents Association Conditions of Sale. When proceeds are credited or a purchase is debited to the Hazlett account the companies terms and conditions apply to the extent deemed relevant.

These terms can be inspected at the registration desk and on the wall in the auction room. The current versions of Hazletts terms and conditions are also available on their website:

**<http://www.hazlett.nz/content/uploads/2021/07/Terms-of-Trade-Hazlett.pdf>**

2. Each lot shall become the property of the purchaser at the fall of the hammer.
3. Finance terms are strictly cash prior to delivery unless credit arrangements have been made with the Auctioneer prior to the sale.
5. Although all care has been taken to ensure the accuracy of the information contained in this catalogue, no responsibility is accepted for any error or omission.
6. The Sale will be conducted exclusive of GST.
7. A rebate commission will be paid to outside companies introducing buyers to the selling company at least 24 hours prior to the sale.
8. **Transport:** Leave full and explicit instructions in regard to transport
9. **Insurance:** The Selling Agents can arrange insurance on any stock.
10. **Stud Transfer Fees:** Dorset Down: Two-Tooth Ewes - \$300, MA Ewes - \$200, Ewe Lambs - \$175.  
**Reserves:** South Dorset Down: Two-Tooth Ewes - \$180, MA Ewes - \$150, Ewe Lambs - \$150.

## ACCREDITED BRUCELLOSIS FREE FLOCK

**OSH** Every effort will be taken by the Vendors, Rural livestock Ltd, Hazlett, their staff and assistants, both on the sale day as well as any visits of inspection to ensure the safety of intending buyers and visitors. We wish however to advise that while this sale is run under normal management conditions, certain dangers exist in relation to livestock and their environment. Visitors should take care to ensure their personal safety.

# Understanding NZGE Information

**Breeding values (BVs)** are the best estimate of the animal's genetic merit for traits. They allow rams to be compared, with all rams included in the same analysis. Mostly, this means all rams from the same flock, but it can be used to compare animals from different flocks, if the analysis has been performed across these flocks. Breeding values are expressed in the units the traits are measured, (e.g. kg for weight, number of worm eggs in faeces etc) and are an estimate of the value of a ram's genetic merit for the trait. Generally, a more positive gBV is more favourable, but there are some exceptions (e.g. less worm eggs are more favourable).

**Indexes** are created with the commercial farmer in mind. They provide a summary of the overall economic breeding merit of an animal. An index is an economic value applied to a grouping of BVs. The economic value of each trait is summed to give a total economic value of the ram's genetics. The economic value of a trait depends on the production system; therefore a number of indexes are used to describe different systems. For example, the terminal sire index (NZTW) describes a system where all progeny are slaughtered. A positive economic value is always more favourable.

**Interpretation** BVs and Indexes are a function of the population in which they are calculated. In most cases, they are only comparable within a single flock. Although across-flock analysis can allow values to be compared between several flocks, provided there are good genetic connections between the flocks.

**Across-flock** BVs and indexes can be validly compared against each other. Flocks unconnected for a trait or index cannot be appropriately benchmarked relative to other flocks.

**Within-flock** BVs and indexes cannot be validly compared against other flocks and should be considered as within-flock values only. For every analysis, the NZGE sets 1995 as the benchmark year and the average genetic merit of lambs born in 1995 is set to zero. Therefore, the BVs are a measure of the merit of a ram compared to the 1995 average for that flock. If two flocks had different average genetic merit in 1995, the BVs would have to be adjusted for the difference to make them comparable.

DEFINITIONS FOR NZGE TERMS	
<b>NZTW</b>	The New Zealand Terminal Worth Index is expressed in cents per lamb born for terminal sheep, based on lamb growth (TSG), meat yield (TSM) and lamb survival (TSS).
<b>WWT eBV</b>	Weaning weight, pre weaning lamb growth BV
<b>LW8 eBV</b>	200day, post weaning growth BV
<b>EMA eBV</b>	Eye muscle area BV

All breeding values and indexes included in this catalogue are generated from the NZGE and are across flock values.

This sale will be hosted by bidr® (bidr.co.nz) as a HYBRID ON-FARM auction, with online bidding and a live-stream available for online purchasers.

All intending online purchasers must register with bidr® using an account held with one of the bidr® partner agencies in advance of the sale date.

The bidr® team is available to assist intending purchasers with signing up and registering – please call 0800 TO BIDR (0800 86 2437), or email enquiries@bidr.co.nz for assistance at any point.

**Alternatively, contact your local bidr® representative:**

**Comments:**

Purchaser: ..... Price: .....

These ewes are the base of our South Dorset Down Flock. They have been used to breed South Dorset Down rams for our own and clients' use. The origin of these ewes is a selection of our stud Dorset Down ewes which were mated to South Down rams. As demand for South Dorset Down rams increased, we decided to establish a stabilised South Dorset Down flock. This was initially based on the retention of the top first cross South Dorset Down ewe lambs.

High performing First Cross South Dorset Down rams from an outside flock have been used as sires to ensure genetic diversity. The Gums South Dorset Down ewes are to be sold in groups of ewes as displayed in the table below.
